

OHV License Plate Pre-Order Form

This is your chance to pre-order a specialty license plate to show your support for OHV's in the state of Tennessee.

The Tennessee Off-Highway Vehicle Association – TOHVA - has worked with a local Tennessee artist to create this specialty plate design, allowing Off-Highway users of all kinds to show their support with this unique artistic rendering of the great Tennessee outdoors, along with the TOHVA logo.

All it takes is 1000 pre-ordered plates for the state of Tennessee to begin full production of these plates, so order yours today!

Your payment of \$38.00 gets you on the order list for an OHV plate for your road vehicle (car, truck, SUV, etc.), and includes a one year membership to the Tennessee Off-Highway Vehicle Association. Your plate order and membership will help us inform, educate, and continue our work to establish a state-wide system of public trails for off-highway motorcycles, ATVs, side-by-sides, and full-size OHVs.

Please note: This pre-order has a June 2011 deadline, requiring us to meet the 1000 minimum order before these plates can go into full production. If we do not meet the minimum by the deadline, we will return your full purchase price minus a \$3.00 processing fee. Your one year membership to TOHVA will remain in effect. Plate artwork shown is what we will be submitting to the state. Although we have worked to present a design based on the state's specialized plate guidelines, there may be minor changes required to meet final state approval. Personalized plates will only be available after the plate is in full production. Pre-order plates will be assigned a numbering sequence by the state.
